11. What would you suggest the teachers improve or change in the course program?

45 replies

I really liked the testing-discussion format. It helps you remember certain facts faster and is quite interesting.

everything is fine

everything was very clear, so nothing needs to be changed)

I liked the course, I wouldn't change a thing.

Everything is great)

Nothing

Everything was incredible. Thank you for this opportunity.

I'm fine with everything!

Nothing, everything is fine.

I am satisfied with everything, the course was very interesting and informative, so I can't say what needs to be changed. The teachers teach the material very well and clearly.

nothing, satisfied with everything

I liked the course program, I have no wishes for improvement.

Nothing needs to be improved, everything is at the highest level

Nothing

In my opinion, the course program already meets all the necessary requirements for effective learning. Thank you to the teachers for an interesting course!

I really liked everything, you can add more guest lectures, because it is very interesting to listen to the experience of people who have experienced the tax culture of other countries.

11. What would you suggest the teachers improve or change in the course program?

45 replies

Emphasis on practical aspects, use of modern technologies, preparation for professional activities.

It's hard to say.

Everything is so wonderful!

.

everything is fine

I don't even know, I'm quite happy that there aren't even any ideas or advice.

Everything is fine, nothing needs to be changed.

Everything is clear, easily accessible information, I really like it.

The course was interesting and exciting, I liked everything.

I liked everything, the information was very interesting and relevant.

Nothing, everything is great and at the highest level

everything is fine

Nothing, everything is perfectly organized.

I think everything is great, I don't know what to change

everything is fine

Increase the teachers' pay!!! And everything is great! The material is explained in an accessible way, everything is interesting and clear.

Increase the number of hours for teaching the course

nothing
